Education

Frontend Simplified

Frontend Developer | Certificate

Jan 2026 - Present

Strengths

Eager to learn new skills: As a person who is starting out, I am constantly seeking for new ways to grow and expand my skill set.

Not afraid of failure: Strong believer in the mantra that we learn from our mistakes.

Time Management: I always set aside time to plan my week and distribute the workload by days so that I can simultaneously meet deadlines and maintain my well-being.

Collaborative: Playing different sports has taught me everything there is to know about being a team player.

Summary

Entry-level Frontend Developer transitioning into tech with a growing foundation in modern web technologies. Actively seeking opportunities that challenge my skills, support my development, and accelerate my growth in this new career path. Motivated to contribute to a collaborative, high-quality team while continuing to expand my capabilities as a developer.

Experience

Frontend Developer Internship | Certificate

Frontend Simplified

June 2026 – Present

- Transformed a completely static HTML, CSS, Javascript and React single page application into an interactive user interface using animations, transitions and carousels.
- Integrated API requests to dynamically fetch and display data from a cloud server, implementing skeleton loading states, pagination, and dynamic routing.
- Leveraged Git version control and GitHub to collaborate effectively in a virtual team environment.

Industry Skills

Languages & Frameworks: HTML, CSS, JavaScript, React, Node.js

Tools & Platforms: Git, GitHub, Firebase, Vercel, Stripe, Clerk.

Other: APIs, UI/UX, Responsive Design

Personal Projects

QuickStay Hotel App – Developed a full-stack hotel booking app using React.js, allowing users to browse properties, view availability, & complete reservations through a responsive, component based interface.

Deployed to Vercel with live production URL:
